# CLEARWATER PUBLIC LIBRARY

The current public library has been in operation for over **20 years**, providing books, magazines, newspapers, videos, music, and computer services. The citizens have come to realize, however, that the public library has become much more than that. It is an information center, a meeting place, a place to share, and a safe haven.

## *Intergenerational....*

The public library collaborates with Early Childhood Initiatives, Child Care Centers, DAC, public schools, Tuesday Study Club, and many other civic organizations.

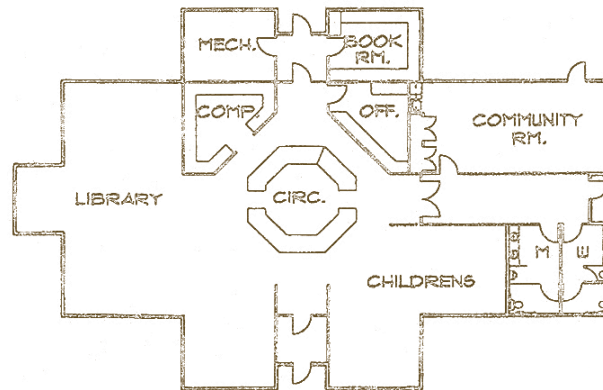

The existing library has limited parking and handicapped accessibility, cramped aisles, and a small number of books due to lack of space.
